

My Ithaca Check list

You need to do the following on your “Odyssey” of the future:

1. Your Ithaca- what is (are) your goal(s)? It needs to be clearly stated for your presentation.
2. List the steps that you will take to reach your Ithaca (your goal(s)).
3. List and show at least three monsters (obstacles) that you perceive will get in the way of your goal. (Think physical, emotional, and ethical monsters.)
4. List the ways you intend to fight your monsters.
5. Be sure to include why this dream is important to you, when you think you’ll achieve your dream, where your adventures will take you as you take steps to reach your dream, who will be the people who will help you with your dream, and who could be the ones who get in the way of your dream.

Use symbols to help you with this project.

You will be graded for completeness of the project (see steps one-five), creativity (draw, use symbols, use cut-outs, use your imagination), and inspiration.

50 points for the project
25 points for the presentation.

You will be given one class period to work on this (Tuesday). Presentations begin on Thursday.

Happy journey!!
